Of the seventy licenses to be cut off in May in Montreal, 21 hotel-men have decided that they will quit voluntarily and accept the indemnity of \$5,000 which the provincial government will pay to each of those cut off. Trying to do business without advertising is like winking at a pretty girl through a pair of green goggles. You know what you are doing, but nobody else does. Do not conduct your business in such a blind manner.

Automobile Skates

We have just opened up a full assortment of Automobile Skates. We really think they are the best made. They are both stylish and durable. They are lighter than any other skates and are fully guaranteed. Now is the time to buy them when the stock is complete. We also have a full line of hockey accessories, and children and baby sleighs.

First Meeting of 1915 Town Council

The first regular meeting of the 1915 town council was held on Monday night last, when Mayor Krebs took on the robes of office.

There were present besides the mayor and secretary-treasurer, Councillors Beebe, Ross, Dutil, Sinclair, Lagace and Bartlett.

A greeting card was received from Mr. Frank Snyder, New York.

One account was presented for the sum of 50 cents, which appeared so insignificant that its consideration was not considered necessary.

The first business was the reading of the pledges of honor of the new members of the aldermanic body.

The letter from W. McD. Tait regarding the extension of Waterton Lakes park, came up for further consideration. It was regularly moved and seconded "That steps be taken up with the proper authorities, objecting to any extension of Waterton Lakes Park in a northerly direction. Carried."

Beebe-Rossi—That W. A. Henderson & Co. be re-appointed auditors for 1915, at the same salary as heretofore—\$150 per annum. Carried.

The medical health officer's report was ordered referred to the school trustees.

Beebe-Lagace—That the Medical Health Officer's report be filed for further reference, Carried.

Dutil-Lagace—That as the medical health officer states in his report that dogs are harbored, or have been harbored, within the town's limits, and that as the sanitary inspectors report does not mention anything about it, he be asked to report further.

By Law 30 was read a first, second and third time, and finally passed. This by-law was to amend By-Law No. 3, being the Procedure By-Law, changing the night of meeting from the second and fourth Monday to the second and fourth Thursday.

Beebe-Rossi—That H. E. Lyon be appointed a member of the board of health for a term of three years, as successor to W. J. Bartlett, retired. Carried.

Lagace-Rossi—That Dr. J. W. Mackay be re-appointed medical health officer for the year 1915, at the same salary as heretofore. Carried.

Beebe-Rossi—That the Union Bank of Canada be authorized and empowered to accept the signature of Lewis W. Krebs as mayor of the Town of Blaimore. Carried.

Bartlett-Dutil—That Charles E. F. Hisecks be re-appointed secretary-treasurer of the Town of Blaimore for the year 1915 at a salary of \$100 per month. Carried.

Rossi-Dutil—That W. A. Beebe be re-appointed deputy mayor of the Town of Blaimore for the months of January, February and March, 1915. Carried.

Dutil-Bartlett—That the council recommend that if any change is made in the sanitary inspectorship, that H. Ate be appointed. Carried.

Committees were appointed as follows:

WORKS AND PROPERTY—W. A. Beebe, (chairman), M. Rossi, O. Lagace.

WATERWORKS—O. Lagace (chairman), W. J. Bartlett, L. Dutil.

LICENSE AND POLICE—M. Rossi (chairman), D. A. Sinclair.

Blaimore Red Cross Notes

The tea and sale of work on Dec. 28th, netted \$14.00; three new uniforms bought and bought. The committee will be taking this opportunity of changing the Third Club for the use of their rooms for that afternoon.

A donation of \$5.00 has been received from the Signaling Corps. Heartly thanks for same is hereby tendered.

Word has been received from headquarters that no membership cards are being issued to associate members, (probably owing to stress of work.) Cards, however, have been received for advancement; so those not having a card now may receive one by applying to their superior.

Another supply of wool is on hand for knitting, and there is an urgent demand for socks and talaklava caps. \$15.00 was contributed by this branch towards supplying the 31st Battalion with woolen gloves. In a letter acknowledging receipt of this, Provincial Secretary Miss Pinkham, says that each man of this 31st Battalion is being supplied with the following—one clubber belt, four handkerchiefs, one washing and one pair of woolen gloves.

To The Kaiser

The following is the latest musical gem and parody on "Way down in Dixie." This has been sent us by a member of "B" Company of the 31st Battalion, now in camp at Calgary.

"You ought to be; you ought to be; You ought to be 'way down in Dixie. 'Twould be sinner for you there today, Hiding yourself in the new-mown hay. We're going to sink; we're going to sink; We're going to sink all your fine ships, Bill, I can't say where you're going to. It ain't in my line to tell you; For you're going, yes and you are going, And you won't come back again!"

chair, W. A. Beebe.

HEALTH AND RELIEF—W. J. Bartlett (chairman), W. A. Beebe, O. Lagace.

FIRE AND LIGHT—L. Dutil (chairman), W. J. Bartlett, D. A. Sinclair.

FINANCE—D. A. Sinclair (chairman), L. Dutil, M. Rossi.

Beebe-Lagace—That the committees be approved as read. Carried.

Meeting adjourned.

The next regular meeting of the council will be held on the night of Thursday, January 14th.

Cowley Happenings

Joseph Kean has been slightly indisposed for a few days.

Mr. and Mrs. Coghill entertained a number of friends on New Year's Day.

Mrs. D. R. McIvor entertained a number of friends on New Year's Day, as well as at Christmas.

School re-opened on Monday with a fair attendance. Mr. Young, of Lethbridge, has charge for the present term.

Miss A. Housefell returned to town on Tuesday after spending the holidays with her parents and friends in the Porcupines.

Mrs. Gilbert gave a turkey shoot last week, which proved very successful, thus getting rid of all her turkeys at a reasonable price.

Mr. and Mrs. Young gave a social evening to their young friends on Wednesday, December 30th. J. Hudekins, of Mountain Mill, and Miss Hodgskins, of Lethbridge, were among the guests.

The local L. O. A. Lodge has been re-organized. Officers were elected on Wednesday night with W. C. Robinson as W. M., and W. Peels as P. M. A full list of the officers will be published next week.

We hope the question of "Temperance" will be taken up by the readers of The Enterprise and thoroughly discussed, and it will be the duty of the women of Cowley to get busy and work for vote prohibition.

The funeral of the late J. C. Drewry took place from Glen Ruch to the station on Friday where after a service held at the church it was prepared for shipment to Bowmanville, Ontario. Rev. Mr. Lang, of Passburg, spoke impressively to the people present, showing to them the uncertainty of life. J. W. Drewry accompanied the remains, and A. Drewry remains to look after the home interest. We hope his success in the west will be even greater than that of his late brother, and that he may make for himself hosts of friends in his new home.

Jack Isaacs has been granted a four-days' leave of absence to again say "good-bye" to his old friends at Cowley before leaving for Salisbury Plains. Jack hopes to see his parents in England for a short farewell before going to the front. His two sisters have preceded him as Red Cross nurses. Jack wishes to convey his thanks to the Ladies' Institute, of Cowley, for the personal gifts he received from them, as they were both useful and pretty. Each of the boys leaving Cowley received from the Ladies' Institute a pair of hand-knit socks, mitts, and a large blue silk handkerchief with "Cowley" worked in white silk on one corner.

A New "Tipperary"

The Quebec Chronicle, the editor of which is Col. David Watson, who is now at Salisbury with the first Canadian contingent, publishes the following version of "Tipperary" as it is now being sung by the Canadian boys in khaki.

Back to Tipperary started Tully on the run.
Dad when had way he heard them say
the fighting had begun.
He wrote to Molly, saying: "Dear, although I love you so,
My country's callin', darlin', as I'm Irish, I must go."
It's a long way from Tipperary,
It's a long way to go.
It's a long way from Tipperary,
From the sweetest girl I know.

Farewell, Tipperary,
Goodbye, sweetest mine,
I'll come back to you in Tipperary.
When we've crossed the Rhine.
Now Tully's in the trenches, fighting
like a lion bold;
And Irish Molly's waiting with a heart
as true as gold;
But when the Kaiser's down and out,
and Belgium's free again,
He'll start for Tipperary town—singing
this refrain:

It's a long way to Tipperary,
It's a long way to go.
It's a long way to Tipperary,
To the sweetest girl I know.
Good-bye Kaiser Billy,
And "Die with an Illing."
It's a long way to Tipperary,
To sweet Molly mine.

Bellevue Happenings

The school re-opened on Monday.

Miss Margaret Petrie was a Calgary visitor this week.

Thos. Todd, of Fernie, was in camp on business this week.

Arthur Williams paid a visit to Pincher Creek last week end.

Fred Wo'stenholme paid a business visit to Calgary this week.

G. Evans, of Blairmore, acted as book keeper at P. Burns' on pay day.

Mrs. (Rev.) F. T. Cook is spending a few days with her parents at Edmonton.

George Taggart has severed his connection with the West Canadian Collieries Co.

Mrs. Wilfrid Walstenholme, of Blairmore, spent New Year the guest of Mrs. H. Hutton.

Mr. and Mrs. R. Randall gave an "at home" to a large number of friends on Friday night.

Mackenzie has opened the restaurant next to Cole's pool room, and is now ready for business.

Mrs. C. W. Johnston, who spent about two months with her parents at Seattle, Wash., returned home on Sunday night.

The opening of the Southern Hotel on New Year's evening furnished refreshments for a large number. Jack Oliphant was the "cheer" dispenser.

Miss Lizzie Orr, milliner, went out to Fernie this week, where she will spend a few days before leaving for Colorado, where she intends staying for a time.

Mr. and Mrs. Dan Perry were visiting in camp, the guests of Mr. and Mrs. A. May. Mrs. Perry is Mrs. May's sister, and was married at Taber about three weeks or a month ago.

Bellevue's hockey team was defeated at Frank on Friday last. The game ended 12 to 6 in Frank's favor. Our boys put up a good game and still feel confident of holding their own on the lounge.

Twenty new members were received into the Methodist church on Sunday last, and we understand that quite a few more will join in the very near future. The congregation is growing fast and things are growing lighter all around from a church point of view. A bible class was organized on Tuesday night, a large number of young people turning out to the meeting.

Another New Steamship For Atlantic Service

The Canadian Pacific Railway, who recently announced the launching of the new steamship "Metagama" now advise that she will sail from Liverpool to St. John, March 26 on her final voyage, returning from St. John, April 9th. The "Metagama" is a sister ship to the "Missambie," the latter having already made three round trips between Liverpool and Canada. They are both of the "cabin" type, with passenger accommodation for 520 cabin and 1230 third class passengers.

Each has a length of 520 feet, and a beam of 64 feet, while the breadth of the passenger decks are 41 feet.

The cruiser stern is a feature of these ships, and they have six complete steel decks, a gross tonnage of 13,000 tons, displacing 15,000 tons, and a cargo-carrying capacity of 400,000 cubic feet.

Although carrying only one class of cabin passengers, every effort has been made to make its appointments second to none, and the dining room, and room, drawing room, lounge, cafe, gymnasium and other features of the most modern vessels are furnished and decorated in accordance with the plans of the best British architects and furnishers.

Thirty-two life boats are provided, one motor life boat, they having sufficient accommodation for the entire list of passengers and crew.

The cabin class of ship is particularly popular with those wanting a maximum of comfort at minimum cost, and the policy of the Canadian Pacific in placing ships of this class in the Liverpool Canadian service is to be highly commended.

"Only A Woman" Replies To Putnam

Cowley, Alta., Jan. 6, 1915

To The Editor Blairmore Enterprise.

Dear Sir:—May I have the opportunity and space in your paper to answer to L. H. Putnam's letter of the 1st. He it seems has been asked on several occasions to give his views on the temperance question, which he has done; and I feel that I cannot let this chance go by without a reply, as this year, 1915, is to hold or lose so much.

In the first place, he claims that drunkenness is hereditary. Is it? Perhaps it is a disease, but which? It may be one of the other, or both; but who made it so? If, as he says, the drink habit is hereditary, and would take several generations in order to check the habit, wouldn't it be far better, from a common view point, to vote for prohibition and stop the habit by removing the cause, and thus save many lives, many homes and many heartaches, instead of waiting for the years to accomplish what we can never result in the good desired, for if we get prohibition it must be done by those same ones who are afflicted with drunkenness, and the longer they continue in the drink habit the worse will that habit become, and the longer it will be so, the more the poisonous stuff that they will soon be incapable of voting intelligently. So it is better by far to stop it right now while we have our senses to do it with, for even Mr. Putnam would not like to run the risk of having his son (if he has one) turn to the devil, which is happening all around us at the present day.

Mr. Putnam speaks of Solomon, the wisest of monarchs, who drank wine; but that doesn't go to prove that Solomon made a pig of himself, and got drunk on the kind of whiskey which is being made today for the benefit (?) of our loved ones. Though our Savior made wine, he also commanded that "ye do not become as the drunkards," far as my reading extends. There are many statesmen who never taste even "wine," which Mr. Putnam refers to so often; and, sir, there is a vast difference between the wine our Savior made and the apocryphal drink to the rotten stuff they make and call whiskey today.

History does not tell us that Bruce, the great commander, was given to drink, and we are not supposed to think for a moment that William Tell was a "loved even" a "stain of beer" when he was held a prisoner, for that is one of the places on this continent where liquor is not allowed.

Now, Mr. Putnam wants to know of some country or race of people that drinks nothing but pure water. I would like to recall Mr. Putnam to the time of our Saviour and his apostles, and have him prove to me that in those times they had nothing but pure water, and blind pigs, etc. They were only commanded to take wine once a month by way of communion in remembrance of Him, and were not told to drink at all times as much as they could swallow into them, and when they could not swallow any more to lay down and sleep it off and get up and do it again, such as the men, the drunkards of today, are doing.

If the provincial and federal legislatures of today are not working for prohibition laws, whose fault is it? On whose shoulders will the sin rest? Not yours or mine, Mr. Putnam, if we vote for the right—"Prohibition"—and no matter whether the whiskey habit is hereditary or not, or only a habit, it has been accumulated in the last few generations and is getting worse all the time, and it behooves you and I, who have boys to follow us, to see that our intelligence is brought to the front in time to save them from the curse that has been brought on us by those who have preceded us. If there are no saloons, or such places, they cannot go there, and our hearts and minds will be at ease concerning our offspring and our friends in general. If we cannot decide which is right, let us give the nation the benefit of the doubt and vote for prohibition and do away with all this trouble and worry, the hotels, saloons, blindpigs, heartaches and heartaches, tears of sorrow, family jars, murders, etc., thereby doing away with a number of our prisons and the expense of keeping up a police force, as well as our insane asylums and orphan's homes. Parents would have more money to set aside for the keep and education of their children.

In referring to the "wet cantina" of the soldiers, I should think it is shame enough for us westerners that some 25 of the volunteers who went to Salisbury Plains were sent back home on account of their intemperate habits, because that when they got the chance they could not help make beasts of themselves, proving that whiskey never helped gain a battle, no matter of what kind, for the drunkard must surely fall.

Now, Mr. Editor, as you opened this subject for discussion, I hope some more candid eyes will take hold of it and do not do greater justice than I have done and help to quash the ideas of Mr. Putnam on the "Prohibition" question. May we have a full and fair understanding as to what we are expected to do to prove to the nation that we are out for the betterment of it, and not for the ruin of body and soul.

Yours in the work Temperance.

ONLY A WOMAN.

Frank Happenings

Capt. Marsh and H. Jepson were Hillcrest visitors on Thursday last.

Robert Morgan, of Coleman, was visiting Evan Morgan here on Saturday last.

Professor Smart and J. Graham were in Corbin playing for a dance on New Year's.

T. Bradley, of Hillcrest, and J. Radford, of Bellevue, were visitors here on New Year's Day.

Frank hockey team will go to Coleman on Friday night to play their second league game.

H. D. Mackay returned to Glendon last week end to resume his duties as school principal.

A. J. Carter and President Phillips, of District 18, U. M. W. of A., were visitors here on Saturday.

Mr. and Mrs. Jepson spent the early part of the week with Mr. and Mrs. A. Wardman at Burnin.

Misses Thompson and Calder have returned to town after spending the Christmas holidays at home.

J. V. Turner, the new principal of the Frank public school, arrived in town from Calgary on Sunday last.

James Stein, who had been visiting his uncle, D. Stein, returned to Pocatontos the early part of the week.

The Frank juniors met the Bellevue juniors on the Frank rink on Saturday, defeating the visitors to the tune of 6 to 1.

A large number of friends assembled at the C.P.R. station on Saturday morning to bid farewell to Pete Carruthers and A. E. Farmer.

The medals won by the Frank football team the past season have arrived and will be presented to the players later. They are of very neat design, each having the name of the player inscribed on the back.

The Sanatorium team met Thompson's, of Blairmore, on New Year's Day, immediately after the league game. This game did not finish owing to some misunderstanding between some of the players, some claiming that they were getting a raw deal from the referee. Somewhere there is a lack of the right sporting spirit.

The first league game took place on the Frank enclosed rink on New Year's Day between Frank and Bellevue. Both teams were at full strength and the game was good. Goddard, of Frank, giving the Bellevue boys an opportunity to display themselves. Bellevue's defence seemed a little weak as compared with the aggressiveness of Frank's first rank. At the end of the first period Frank was leading by 6 to 1. Frank continued to forge ahead during the second and third periods and seemed to have Bellevue well under control. Bellevue put up a good game, nevertheless. The score at the finish was 13 to 6. A record crowd witnessed the game.

Marsh's recruits and Thompson's team met on Wednesday afternoon on the local rink. Owing to the half-holiday, a large crowd of spectators were in attendance to boost for their respective sides. The game was fairly even throughout, each side scoring goal for goal. Patton, of Thompson's, needed some watching and was successful in getting through the recruits' defence twice during the last period, and scoring each time. The game was fast, clean and full of interest all through. Thompson's winning out by 5 to 4. H. Sutherland acted as referee and gave fair judgment. D. Dunlop was judge of play, and E. Thomas and E. Blair goal judges.

TEARIFYING SPECTACLE

Flower of Youth of Europe Been

Massacred

"Never in the history of the world

has there been such a wholesale

slaughter of the young as in the

case of the French army in Northern

France.

"The battle which has just been

fought on the Rhine resulted in a

brilliant victory for the Allies. To

night I walked over a part of the

field of battle and saw the

terrible impression of that visit.

"Thousands of men are there, lying

in the mud, covered by the

cent rains dead or dying, slashed

and mutilated, forming as it were an

immense human melange, from which

comes unceasingly screams of dis-

tress and groans of agony.

"The little river, the Chene, is literally

dammed with German corpses, on

which our troops crossed without

wasting their feet. The rain falls in

torrents. The wounded that we pick

up are but human bodies, mangled

and mud and blood, shapeless bodies

whose only sign of life takes the form

of coarse groans of pain. Who

will take the responsibility of this

mightiest hecatomb? What punishment

will be reserved for the man who has

caused the flower of the youth of

Europe to be massacred?

"We advance with great difficulty.

Our boots stick in the mud and

clotted blood. A terrible feeling of

horror grips us. We march on all

most without knowing what we are

doing. We are mere automatons, un-

able to think, stupid, dumb, crushed

with horror by the enormity of the

crime.

"A soldier wallows in a pool of

blood. Another, whom we pick up

is already dead, although his lower jaw

is completely gone. Here, a man

both of whose legs are broken, darts

himself along on his bleeding limbs.

"There another, whose shoulder has

been shot off, utters a groan of agony.

"Farther off, moved down by our

terrible bayonet, these on top, strike

in their last charge, still holding

their rifles in their stiff hands,

arms outstretched.

"Words cannot describe the hor-

ror of the scene. The bodies of

these dead and wounded, annihilated

in the awful shock of armed

man in this, was a scene of

the most terrible of the war monster on

the plain.

"Stop! The coughing—Coughing is

caused by irritation of the respiratory

passages and is the effort to dislodge

obstructions that come from inflamma-

tion of the mucous membrane. Treat-

ment with Dr. Thomas' Electric Oil

will allay the inflammation and in

consequence the cough will cease.

Try it and you will use no other pre-

paration for a cold.

"Bitter Out of Sight—

The remedy applied for a job had

unexpectedly obtained for my son and

was set to work to do his

garden. He was a very

careful worker and his

employer had occasion to criticize his

method of going to work.

"Why don't you give the wheel-

barrow instead of dragging it after

you?" he was asked.

"It would save

you trouble."

"Not me," growled Weary Willie

diagnostically. "I'm sick of the sight of

the blasted thing."

didn't thin like the both of us put to-

gether."

Many people, unless actually familiar

with the ways and customs of the

people, are young and old, are prone

to be superstitious. Many of these

people are, especially with regard to

the "bad" system.

In this district, not very long ago,

there was a village, through the

which a road was suddenly attacked

His comrades, however, although

there was a well equipped hospital,

conveyed him to a village close by,

where he was kept without medical

assistance of any kind and in a blas-

phemous sun for three days.

When eventually brought into the

hospital the man's plight may be bet-

terly imagined than described. The sur-

geon and his assistants managed to

keep him alive, but his face is so dis-

figured that he is known in the dis-

trict as the "reache waler" (bea-

stained man). The extraordinary thing

about this case is that the unfortunate

person was, during the time he lay

in the "bad" system, a member of

fraternity to be unclean, with the re-

sult that his own wife was, through

his condition, to his wife, was break-

Mrs. W. H. Muncester last week received a letter from the post office department at Ottawa, which had been forwarded by her addressed to the Old Country, and was recovered from the wicked Empress of Ireland. The writing was quite legible.

Rumor hath it that a man named Carter recently became very anxious about the whereabouts of his wife, who it seems had been for a time kidnapped by some mischievous young men by way of a joke. Carter had intended leaving town for Raymond on Monday last, and after purchasing his permit for a passage was surprised to find that his better half had not put in an appearance at the station. It was not until about an hour after the train had pulled out that he found the "missus" calmly sleeping, perfectly unconscious that so many hours had fled. You can hardly see the boys for smiles which seem to have become indelibly engraved on their features as a result of what they term to be a huge joke.

A Cold Crack

At the Merchant

An exchange makes the following pertinent comment: A farmer who was carrying an express package from a local mail order house, was accosted by a local merchant: "Why didn't you buy that bill of goods from me?" I could have saved you the expense and besides you would have been patronizing a home industry, which helps pay the taxes and build up this locality." With characteristic frankness the farmer asked: "Why didn't you patronize my home paper and advertise? I read it and I didn't know you had the goods I have here, nor do I ever see your name in the paper inviting one to come to your store."

Mrs. A. Rhodes, of Lundbreck, is visiting Mrs. Jas. Paden.

E. R. Voelker returned from Lethbridge on Sunday night.

It does not seem quite right for a young man to go and see his girl, availing himself of nice, warm comfortable surroundings, while his faithful horse is left outside for many hours of the night to suffer with the cold. His Stomach Troubles Over

Mr. Despreux, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion and liver complaint until I used Chamberlain's Tablets, then my trouble was over." For sale by all dealers.

Meeting of School Trustees

A meeting of the Blairmore school trustees was held last evening, when H. E. Lyon was elected chairman.

There were present A. A. Sparks, J. W. Gresham, L. H. Putnam, W. J. Bartlett and Secretary-Treasurer Hiscocks.

Mr. Hiscocks was re-engaged as secretary-treasurer for the year 1915 at a salary of \$20 per month. It was decided to purchase a flag-pole for the school grounds.

The officers of Crows' Nest Encampment No. 8 will be installed on Wednesday night next, at which time some forty candidates will be admitted into membership.

The officers of Coleman Lodge 36, I.O.O.F., will be installed on Monday night next. It is expected that a large number of Oddfellows from Blairmore and Bellevue will attend.

E. T. Saunders, owner of the Pincher Creek Echo, has been presented with a veteran's jewel by the Oddfellows of Pincher Creek. Bro. Saunders has been a member of the I.O.O.F. for twenty-five years.

A bullet from a 30-30 rifle was put through one of the windows of the public school one day last week, making a round hole of about 1 1/2 inches in the glass. The missile evidently came from a long distance (probably Warsaw) and had spent its force, dropping on the floor in the centre of the class room.

A serious mine explosion occurred at Coal Creek on Saturday morning. Fortunately only three or four men were in the mine at the time and they all were near the entrance and escaped. Mine Inspector Evan Evans, who entered the mine shortly after the explosion, equipped with rescue apparatus, was overcome by gas and succumbed, the reason being attributed to the apparatus not being properly adjusted.

Seed Testing at Calgary

During the month of November the record number of 444 samples was received at the Calgary Seed Laboratory as against 161 for the same period last year. Farmers sent 257 of this number and seed merchants 187. 386 of 444 samples were tested for germination, 138 for purity. In the purity tests, of the 50 samples of oats received, 48 were found to require labels indicating the noxious weed seeds present, also 5 of the 14 wheats, 5 of the 7 barleys and all of the 4 white clover samples. In timothy, red clover, alfalfa and alfalfa 8 samples graded No. 1, 14 No. 2, 17 No. 3 and 15 were rejected. With the report sent out from the Laboratory indicating the weed seeds present, information is frequently given for the reclaiming. This regular routine together with investigation work has necessitated an increase in the Calgary staff. Germination tests were not complete on receipt of monthly report but 78 samples from Saskatchewan tested at the Ottawa Seed Laboratory were over 95 per cent, 41 above and 14 below 63 per cent, with an average of 80 per cent. Saskatchewan oats tested at Ottawa last year gave an average germination of 91.47 for the season.

The foot and mouth disease has become prevalent in cattle in the Western States. It also seems to have reached some hockey players in The Crows' Nest Pass.

In the second league game, played at Bellevue on Wednesday night between Coleman and Bellevue, the score was even at the finish of three periods. An extra 15 minutes made Coleman victors by a score of 6 to 5.

"Farewell" To Pete Carruthers

Editor of the Enterprise, Blairmore, Alberta.

Please publish the following account of the banquet given to Mr. P. Carruthers on New Year's night at the Sanatorium.

In addition to the regular New Year's celebrations at the Sanatorium, New Year's night meant more than the beginning of a new year to the guests and staff of that institution. It meant the last evening that they would spend with one of the most popular young men that has ever stayed within the walls of that sanatorium—P. Carruthers on his return from Lethbridge Thursday night.

Announced his intention of securing his connection with the C.P.R. and with his friends at the Sanatorium, and donning a costume of khaki, emblematic of a soldier of the King. The sudden turn of events caused quite a little excitement around the hotel. However, after things became normal, some of the boys of the house began considering the advisability of doing something in the line of giving a little farewell. Notwithstanding the fact that most of the guests had made engagements with outside people for New Year's dinner, these were cancelled in order to do honor to Pete.

Plates were set for twenty of his most intimate gentlemen friends, and the only thing that seemed to disturb Pete was the absence of his many lady friends. While admitting it was rather selfish to eliminate the ladies, the management found it impossible to handle more than the number on the list on account of the short notice given them. A special table was reserved and a toast list prepared, and special music provided by the management of the hotel, which was very much appreciated by all. The following toasts were called and responded to as follows:

"The King"; "The Empire"—Mr. L. H. Putnam. "Our Guest"—Mr. L. W. Thompson. "Citizens of Coleman"—Alex. Cameron. "Citizens of Frank"—J. Murray. "C.P.R. Employees"—R. E. Dunkin. "R. M. Sanatorium"—D. F. Fleming. "R. M. S. Hockey Team"—C. R. Blinn. "R. N. W. M. P. Police"—C. C. Brown. Norman E. MacAulay acted as toastmaster, and after R. W. Thompson was through responding to our honored guest read the address, and made the presentation. After and done justice to our honored guest, Mr. Thompson, who left that in the ten minutes allotted to him to respond to our honored guest had not done justice to him, asked for further time to extend his remarks, which was granted by Mr. Thompson was asked to try and conclude his remarks within forty-five minutes which he kindly did by concluding in thirty-five.

Further feats of importance took place, which space will not permit publishing, but which were noted by all present. The first evening of the New Year will be remembered as one of the most pleasant and enjoyable evenings spent at the Sanatorium.

While the army of the King will be greatly strengthened by the addition of Pete to its ranks, the rounds of the Sanatorium will miss the many little incidents which went to make things pleasant for the guests, for many little acts of courtesy which go to make the burden of life easy, were always attended to by Pete.

The wish of his hosts of friends throughout the Pass is that he may have a very pleasant trip abroad, kill three or four thousands of Germans, and return to us most gloriously by his experience. This is the last wish of his many friends. ADDRESS

Mr. P. Carruthers, Frank, Alberta.

Dear Sir:—At this particular time of the year it is customary for us to meet and exchange greetings and to say like angels of old, "Peace on Earth, Good Will to Men." However, as this affords us an opportunity of extending to each and all our friends the season's greetings, we have met to-night for a much more pleasant task—that of saying a few words of farewell to you. You have decided to retire from our social circle to join the army of the King, to fight for your country and for the peace of the world, and on behalf of this Canada of ours and the Great British Empire of which we happily form a part. In making this sacrifice we know your action has been prompted by your patriotism and we hardly know how to express in words the feelings of admiration we hold for you. During the time you have spent in the Crows' Nest Pass you have always been ready and willing to join each and every social gathering, and your genial smile and pleasant manner have made you a host of friends. Had we consulted all our friends we would have had a much larger number present to-night, but with the spark of jealousy that exists in the human breast we would not like to feel that the particular kind of friendship we hold for you is shared by all your friends. Your genial and entertaining disposition, together with your argumentative genius, furnished as much enjoyment on more than one occasion, and now that we must sever these friendly relations with you, we necessarily feel that we are bidding farewell to one who

will be greatly missed and whom we will never forget. The loss occasioned by your departure will not be confined to this circle of friends, but will no doubt cause a longing—yes, and even a bitter pang in the hearts of the many fair ones who cherished fond hopes.

As a token of the high esteem in which you are held by us we present you with this ring. Let it remind you that you are travelling on the road from home, where to travel ever returns, and perhaps it will remind you of the friends who are in foreign lands fighting for justice and right, some of the pleasant days spent at the Rocky Mountain Sanatorium.

May you return to us with victory and honor, but if you fall may you be comforted with the thought that you die for a cause as broad as civilization and with the sweet certainty that your great deeds will always live in our memories.

Some Real Hockey For Monday Night

The Language of Stamps

Placed upside down on the left-hand corner of the envelope, it means that the writer loves you. If crosswise on the opposite corner, "My heart belongs to another and can never belong to you." Placed in the proper way in the same corner "Good-bye for the present, dear old." If at right angles on the left-hand top corner, "I hate you." The left-hand corner at the bottom placed in the same way, "I wish or desire your friendship, but nothing more." Left-hand bottom corner, upside down, "Write soon." If put on a line with the surname on the left-hand side it means, "Accept my love." If upside down in the same position, "I am already engaged." If placed upside down in the right-hand corner, it makes the question: "Do you love me?" If on the right-hand side of the surname, proper way, "I long to see you, write immediately." At the bottom, right-hand corner, crosswise "No." At the same place, upside down, "Yes."

BEST COUGH MEDICINE FOR CHILDREN

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy," writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by all dealers.

Passburg

The new teacher, Miss Beddome, of Pincher Creek, has taken up her duties in the primary department, in place of Mrs. W. E. Duncan, who resigned.

The outlook here at the beginning of the year was very black, everything around the mine being shut down, and the fact that the company did not pay on pay-day added to the gloom. However, we are informed that the prospects have brightened up a bit, a substantial order having been secured, and the men have been promised their money on the 16th.

On Wednesday evening last the members and friends of the Passburg A. G.ing Association held their annual supper in the Passburg hotel. The cuisine was excellent and was served in good style, reflecting much credit upon Mr. and Mrs. Duncan. John Kerr occupied the chair. A fine programme of vocal and instrumental music, a citation and speeches was rendered. During the evening prizes were presented to the successful competitors in the fishing competition held on the North Fork in September. The following is a list of the prize winners: Heaviest Basket—James McCulloch.

Second Prize—Jonathan Houghton.

Third and Fourth Prize—John Kerr and William Giest. Both were a tie.

Special Prizes—Heaviest Speckled Trout—Jonathan Houghton.

Heaviest Bull Trout—Joe Chambers.

Heaviest Graying—Joe Chambers.

Lightest Basket—George Richards.

The prizes were handed over in a most efficient manner by J. D. Thomas. George Richards was also the recipient of a pocket book from the members of the club as a recognition of his services as secretary. Mrs. John Kerr made this presentation. It is noted as kept till midnight and was considered to have relieved any of a kind held previously.

A Liberal rally will be held in Blairmore on Wednesday the 13th inst. for the purpose of electing delegates to the big Liberal convention.
